## Swing Gate SG500 Framed Glass

**Premium Value • Glass door • One or two way swing • Motorized • Fixed ADA size**

### SwingGate SG500

*(36" ADA opening and custom heights available)*

#### **Applications:**

Handicap gates provide authorized access for easy entry and/or exit. They restrict traffic, provide handicap accessibility, and are frequently used as an access point for hand trucks, carts, and deliveries. Popular applications also include, schools, libraries, office buildings, and health club facilities where reliable security is required.

The SG500 is our premium priced gates and features hands-free motorized operation. It has a frameless glass panel with polished edges, self-closing door, stainless finish and operates without a stop post. The elegant contemporary design has an architectural appeal and built for extreme use to last a lifetime.

It has a 36" clear ADA door opening for handicap access with a one way 90 degree swing, or two-way 180 degree swing. Integrated motion sensor prevents accidental closure.

*Available options include: push-button activation (momentary or timer), and custom heights.*

#### **About Hayward Turnstiles:**

Hayward Turnstiles has over 50 years of expertise in quality manufacturing of precision aircraft parts and reliable turnstiles.
