SwingGate HTG 36" ADA Passage Width

Full Height Security • Matches SecureTurn Full Height Turnstiles

SwingGate HTG with Bars

Shown with Keyed Latch
(36" ADA opening)

Self Closing Hinge (included)

Heavy Duty self closing hinge
included with each gate.

Standard Keyed Deadbolt

Keys included for full manual operation.

Full Height Handicap Access:

Our HTG full height gate provides the same floor to ceiling level of security as our full height turnstiles while simultaneously providing an ADA compliant clear opening for disabled entrants. This model features a spacious 36" opening to provide ample entry space for wheelchairs, deliveries, toolboxes, and more. The HTG matches our SecureTurn full height turnstile series both in construction and aesthetics, making it easy for you to pair both and create a comprehensive access control solution.

Materials and finishes available in:

- Hot Dip Galvanized Steel
- Powder Coat (custom colors available)

Matching SecureTurn Full Height turnstiles in this series:

SecureTurn HT431 Standard Passage 31"
SecureTurn HT439 Wide Passage 39"
SecureTurn HT448 Extra Wide Passage 48"
SecureTurn HT431T Tandem Size for double passage

About Hayward Turnstiles:

Hayward Turnstiles is a family owned manufacturer and distributor of turnstiles and security gates in Connecticut with over 50 years of precision manufacturing success.

Here at Hayward, customer service and a stress-free ordering environment are our primary goals. The members of our sales team act as your personal access control specialists. They take the time to learn about your specific project needs to ensure that you are matched with the products that best fit your job requirements.

To aid in your decision making process, we offer access control advice, design assistance, same-day quotations, and can even coordinate installation by putting you in contact with an installer from our national network of certified partner installers. We go the extra mile so you don't have to.

Need Installation?

Our Hayward Turnstiles access control specialists can coordinate installation with someone from our nationwide database of certified partner installers. Our partner installers are willing to provide you with an entire turn-key quote where they will handle purchasing, delivery, installation, and integration for you.

Applications:

The SwingGate HTG is the perfect solution for anyone looking to harness the security of a full height entry product without sacrificing handicap accessibility. This model is also great if you have an entrance that is frequented with deliveries, entrants with toolboxes or luggage, or any other item that would not regularly fit through a full height turnstile.

Product Finish:

Available in both galvanized or powder coated (custom colors available) to match our full height turnstiles.

Design & Construction:

- Designed as an ADA compliant solution for perimeter security
- ADA compliant passage width
- Fully welded exterior components
- Standard keyed deadbolt and keys included
- Built from heavy gauge materials that meet ASTM standards
- Built with sturdy steel vertical bars for maximum security
- Minimally exposed, tamper proof hardware

Gate Operation:

- Gate automatically closes with included self closing hinge
- Gate can be locked and unlocked using a key

Options:

- Heavy gauge tight weave mesh (ask about our "HTGM")
 - Push operated panic bar for free exit situations (only available with our HTGM model)
 - Push buttons (wired or wireless)
 - Modular mesh infill panels available for reach prevention (more on next page)
- *Additional options available upon request*

Warranty:

Units are warranted against defects in materials and workmanship for one year.
