

FULL HEIGHT TURNSTILE SAFETY SLEEVES

Comfort and Safety Around Every Bar

Hayward's Safety Sleeves are padded, zip-on covers designed for full-height turnstile arms that dramatically enhance safety, comfort, and usability. Built from durable, weather-resistant materials, these sleeves create a protective barrier that keeps bars cool in the sun, warm in the cold, and soft to the touch, making every interaction more comfortable for users. Beyond comfort, Safety Sleeves add a vital layer of impact protection, helping prevent misuse injuries.

**EASY
INSTALL**

Competitor Pads

- ❌ Visually unappealing design
- ❌ Very hard to install (tools required)
- ❌ Exposed foam flakes easily
- ❌ Expensive base pricing

Safety Sleeves

- ✅ Visually appealing upholstered design
- ✅ Easy zip-on installation
- ✅ weatherproof, non-porous PVC exterior
- ✅ Most affordable arm cover on the market

- ✅ Installs at a moment's notice with innovative zip-on design
- ✅ Prevents heat and cold related discomfort on outdoor turnstiles
- ✅ Reduces risk of injury from accidental impact with turnstile arms
- ✅ Creates a more welcoming turnstile entrance experience
- ✅ Ships quickly from our constantly replenished stock
